

Delmarva 2000 PowerSelect e

Dental Scaler/Polisher with High Speed Drill

The "Power Select E" provides High Speed, Low Speed, and Polishing capabilities. *3 machines in 1.* All the torque and power the veterinarian will ever need with 1/3 -1/2 less noise of the Air Driven units, for your operatives.

Basic Unit Comes With:

- ◆ Brushless micro motor w/cord
- ◆ Autoclaveable 200k attachment (1:5 increaser)
- ◆ Programmable control head and power source
- ◆ Selection of burs

The "Power Select E" features:

- ◆ A fully autoclaveable motor
- ◆ Up to 200,000 rpm's of power
- ◆ No feathering, always a powerful, smooth, consistent full torque.
- ◆ Much faster than air driven turbines
- ◆ Compact size for easy storage and operation
- ◆ Less heat and vibration
- ◆ Water and air capabilities
- ◆ Up to ½ less noise than air driven machines
- ◆ Built in fiber optic light source
- ◆ Optional attachment:
 - 1:1 Latch Type
 - 1:1 Straight Nose Cone
 - 16:1 Latch Type High Torque
- ◆ 3 year warranty on console and motor
- ◆ 2 year warranty on attachments.

Now the veterinarian can have the power, the speed, and less noise, without the potential for viral cross contamination of patients, veterinarians, and technicians. Delmarva 2000 offers the latest advancement in veterinary dentistry at a very affordable price.
